Premier Attributes[SM] v1.2

Data Dictionary: US Edition

Credit Bureau Versions Supported US: Experian v7, Equifax FFF v5, Equifax FFF v6, TransUnion FFR v4.0

Definitions/Legend:

Equifax/TransUnion Availability: All attributes are available for Equifax and TransUnion unless noted as **Undefined**. Premier Attributes for Experian are always defined.

Leveled with Experian: Attributes that can be defined (calculated) for a specific Equifax or TransUnion file format are leveled with Experian unless noted as "Not Leveled", in which case there are significant discrepancies from Experian values due to data differences at the other bureaus. An attribute is tri-bureau defined and leveled when **Equifax/TransUnion Availability** and **Leveled with Experian** columns are blank.

Experian Archive Availability Experian archive availability date noted (archive available on or after the date); otherwise, data available for the entire archive period.
